

**Note from Geoff Bible to Lee Pollak 4/26/93**

Lee:

1. MAM/RWM asked if PMI has conformed to all our voluntary and statutory requirements on marketing codes, etc. I told them absolutely that all of our people are drilled in to clearing all materials with Regional legal, etc. Please just confirm to me that you know of no exceptions to what I said.
2. In case it comes up at A.G.M. in Richmond, could you please tell me which markets, if any, are not getting U.S. health warning or any health warning on a U.S. export. I know Morocco is not - any other?

Please respond by Tuesday, April 27. Thanks

Geoff
